As Deputy Mayor and City Councillor for Orléans Ward, I am more than pleased to show my support for the annual CARIVIBE festival. Over the years, I am pleased to see this great event occur in Orléans at our beautiful Petrie Island.

Carivibe brings thousands of people from all over the City of Ottawa, Montreal, and even Toronto to Orléans which brings great economic benefit to our community, and helps promote cultural diversity. This festival has become a favorite of residents across the City and has helped to contribute to the tourism industry in the community of Orléans while transforming Petrie Island into the Caribbean destination of choice in Ottawa therefore promoting the economic development of the East End of the City.

I am proud to host Carivibe in Orléans, and I hope to see you attending, and enjoying the great music, food and atmosphere.
