Letter of Support- Carivibe Beach and Food Festival 2016

September 4th 2015

As the MPP for Ottawa-Orléans, I would like to support the proposal for the 2016 Carivibe Beach and Food Festival.

As the MPP for Ottawa-Orléans, I am very proud to have a festival like Carivibe in my community. It is events like these that bring cultural vibrancy and help stimulate our local economy.

Carivibe brings together thousands of people from all over the city of Ottawa and even from Montreal and Toronto. The festival brings together different genres of music, many delicious food vendors, arts and entertainment for all ages.

I have been able to attend for two years in a row with my family and have had a wonderful time. The event gets bigger every year and I know that its 7th year will be the largest one yet.

Carivibe is truly a wonderful addition to the city of Ottawa and to my riding of Ottawa-Orléans. I hope it finds the support of organizations like yours so it can continue to entertain and invest in our community of Orléans and beyond.

Sincerely
